

EXPERIENCE

Product Designer / EverCommerce

Apr 2023 - Present, Toronto, ON

Leading end-to-end design and validation of merchant- and customer-facing features for Invoice Simple, empowering 500K+ businesses in their day-to-day operations

Expanded multichannel payments by spearheading conception and execution of tap to pay and mobile cheque capture workflows, driving 24% lift in total payment volume

Redefined user activation journey and improved paywall messaging through funnel analysis and A/B testing, growing subscription purchases by 58%

Piloted free trial experience to augment feature discoverability supersede freemium user acquisition model, increasing document creations by 27% and driving 10% skew towards higher-tier subscription packages

Product Design Intern / Intuit

May - Aug 2022, Toronto, ON

Led a cross-functional team through product strategy, usability testing and iterative design of the QuickBooks online payment portal, integrating PayPal and Venmo into a platform that powers \$300M+ in transactions daily

UX Design Intern / Interac Corp.

Sep - Dec 2021, Toronto, ON

Designed and piloted minimum viable experiences for open banking integration within a network of 200+ financial institutions across Canada, establishing user research methodologies within Interac's innovation lab

Product Design Intern / Loblaw Digital

Jan - Apr 2021, Toronto, ON

Drove end-to-end design, usability testing and quality assurance of a pick history module deployed across 700+ locations throughout 13 grocery store chains, enabling fulfillment specialists to track and validate online orders

UX Design Intern - SoulfX Technologies

May - Aug 2020, Mississauga, ON

Designed information architecture of a multinational client's patient support app that facilitates the administration of 2.5K+ medical records, enabling virtual-first healthcare delivery during COVID-19
